You can resolve this issue by running the RegEdit command-line utility as an Administrator. Windows. Well, I’ve been wondering if it would be useful for me to keep track of what I’m reading/listening/watching, what’s been working, etc. Sure, I could keep a very simple list on paper, but that can be so easily lost,

overlooked, or accidentally thrown away (into the trash, for example). Also, having it on paper limits your ability to 2d92ce491b
