Source: LAME manual This morning Google made a change to its Chrome browser which removed the need for the Search Plus Your World (S+YW) features. This means that over the next few weeks the Chrome Version 56 will be the last version of the browser to support S+YW. You can still get the old version of S+YW from Chrome Web Store. Google has made this change because the Team has found another way to streamline the data collection and improve the customer experience of S+YW. Now that Google has outlined it's plans for Chrome 58 and the future of S+YW, we'd like to hear your feedback on the change. In the new Google S+YW settings, you'll see new features like: 82138339de
