The data on the site is shared only with the necessary for the installation of the software user organizations. This November will mark the 15th anniversary of the invasion of Iraq. If you're like me, it means another to go through the litany of complaints by critics and opponents of the war. I found myself listening to arguments by liberals who spent the last 10 years denouncing George W. Bush for his immoral militarism. All of a sudden, they're the proponents of "boots on the ground" in Iraq. And

they complain about imperial waste. And they marvel at the incompetence of the Pentagon. ... After all this time, it turns out that I was right. The war was a mistake. I even had the contemptible Lefty college professors of the era look at the evidence and give me the same answer: “ 1cdb3666d
